

# OUR PRODUCTS

01

Our products are collected at harvest time and stored.

02

Our products are ready for wholesale as first quality. We supply in the amount you want and in the time you want.

NKT FOODS, is one of the exporters of high quality nuts and dried fruit for the International food industry. It carries out production by strictly fulfilling food standards and food safety conditions in order to deliver the most natural flavor to its customers around the world in the healthiest conditions.

We always aim to offer our customers carefully selected products for their quality through our international network of factories to serve your Nuts and Nuts needs. To do this, we work in partnership with selected factories and manufacturers from all over the world who have made it a reputation to respect their commitments and the quality of their products.

We offer carefully selected raw materials for all agri-food product creators such as bakers, bakeries, chocolatiers, industrial biscuit manufacturers, ready-to-eat makers, ice cream makers, dessert makers, fruit or confectionery industries.
